

First name: Banan Najim al deen Abdullah

Surname: Abdullah

Birthday: 22/04/1978

Birthplace: Mosul city, Iraq

Bachelor project: Mechanical Engineering Department, University of Mousl, Mousl, Iraq, 2001.

Master thesis: Effect of Different Types of Nano – Particles on The Performance of Double Tube Heat Exchanger , Mechanical Engineering Department, University of Mousl, Mousl Iraq, 2020.

Specialization: Thermal.

The Last Scientific Position: Academic/Lecturer, Department of Power Mechanics Techniques Engineering, Northern Technical University, Mosul, Iraq, since 2002.

Research interests: Renewable energy, Nanofluids, Heat transfer

Scientific Publications: 3 Papers, 0 Books, 0 Patents, 5 Projects
