Title of M.Sc.Thesis THE RELATION OF IMMUNOLOGICAL AND BIOCHEMICAL INDICATORS OF TYPE 2 DIABETES MELLITUS COVID-19 PATIENTS
Graduate Supervision: 15 higher diploma
Research titles supervised: 1- Role of bacterial 16SrRNA in evolution 2- Biological indicators. 3- Urinary tract infection in women 4-rubella and pregnancy : diagnosis ,management and outcomes 5-The effect of Leptin on obesity 6-Fungal infections associated with coronavirus COVID-19 infections 7-Effect of vitamin D deficiency in pregnant women 8-Association of vitamin D3 and zinc deficiency with hair loss in pregnant women 9-Study of etiological causes of pneumonia disease 10- 10-Bacterial Toxins

11-Study of a group of fungal pollutants that grow on culture media in scientific laboratories and the mechanism of their disposal

12-Irisin hormone in type2 diabetes

13-Study of Bacterial Diversity in the Oral

Cavity 14-Virulence factors of klebsiella pneumonia.

15-Antifungal Activity of Eugenia Aromaticum Essential Oil Against Candida Albicans Clinical Strains

subjects I taught:

1-medical parasites

2-human physiology

3-Histology

4-Blood diseases

5-Immunology

6-Viruses and fungi

7-human genetics

Scientific seminars and workshops that I participated in:

1- Determining the spread of the Corona epidemic

{Tikrit University\faculty of Pharmacy}{2020\8\1}

2- The mechanism of applying the course system in the College of Pharmacy

{Baghdad University\College of Science}{2020\9\1}

3- adices about corona virus covid 19 in pregnancy

{Tikrit University\ College of Science } {2020\4\25}

4- Positive energy and its role in overcoming crises

{Mosul University\faculty of Pharmacy} {2021\3\19}

5- web security

{Nineveh University\ College of Science} {2020\10\22}

6- How to write a subject review, which is one of the requirements of the second schedule in scientific promotions

{Tikrit University\ College of Science } {2020\10\5}

7- Methods for diagnosing corona virus 19 and interpreting its results

{University of Babylon\ College of Science} {2021\8\9}

8- Laboratory techniques used in diagnosing covid-19 and the role of some plants in enhancing the body's immunity

{CentralTechnicalUniversity\Collegeof Science} {2021\7\18}

9- Tissue microscopic preparations

{Mosul University\faculty of Pharmacy} {2021\9\28}

10- Safety and chemical security for laboratory workers

{Tikrit University\ College of Science} {2022\1\9}

11- the importance of molecular Biology in life aspects

{Nineveh University\ College of Science} {2020\11\2}

12- Self marketing on social media

{Tikrit University\ College of Science}{2021\6\20}

13- The basic concepts of scientific publishing in Scopus and Clarivate containers

{Baghdad University\College of Science}{2020\10\27}
